

Young Fighters Academy — App Introduction

Young Fighters Academy (YFA) is a production-grade cricket academy platform that combines a public academy website with a full management system — students, coaches, parents and staff work together in one application.

Live: <https://young-fighters-academy.vercel.app>

What it does

Area	Highlights
Public website	Home, About, Programs, Coaches, Players, Matches, Gallery, Contact, online admissions
Auth & roles	JWT sessions, bcrypt passwords, role dashboards (Admin / Coach / Student / Parent), password reset, session revocation
Students	Registration with photo, auto student IDs, QR codes, ID-card printing, batches, skill levels
Attendance	Daily roll call, QR scanning, offline queue support with sync
Fees	Monthly billing, partial payments, PDF receipts, WhatsApp reminders, status dashboard
Performance	Star ratings (batting / bowling / fielding / fitness / discipline), assessment history
Matches	Fixtures, scorecards (runs / wickets / catches / MOTM), auto stats
Reports	Attendance, financial, performance, match & batch reports; Excel / PDF exports
Extras	Expenses, goals, rankings, training packages, notifications & web push, audit logs, PWA (installable, offline)

Tech stack

Next.js 16 (App Router, Turbopack) · React 19 · TypeScript · Tailwind CSS v4 · Prisma 7 + Neon Postgres · Server Actions · PWA (service worker + IndexedDB).

Demo logins

Role	Email	Password
Admin	admin@yfa.pk	admin12345
Coach	coach.ahmed@yfa.pk	coach12345
Coach	coach.bilal@yfa.pk	coach12345
Parent	parent.ali@yfa.pk	parent12345
Student	ali.hassan@yfa.pk	student12345

Run it locally

```
npm install
npx prisma generate
npx prisma migrate dev # applies schema to your Postgres/Neon DB
npm run seed           # loads demo data + logins
npm run dev            # http://localhost:3000
```
